

<p>WP1: Project management</p> <p>Leader: UPEM</p> <p>Partners: AIT, POLIMI, CNR, LEIDEN, USFD, FRAUNHOFER, USI, JOANNEUM, UOS, DZHW, STRATHCLYDE, SAPIENZA, NIFU, CSIC, SNI, TC CAS, ATHENA RC</p>	<p>Task 1: Strategic governance of the project</p> <p>Task 2: Operational management – Scientific aspects</p> <p>Task 3: Administrative financial and legal management of RISIS</p> <p>Task 4: Data Management Plan (DMP)</p>
<p>WP2: Interaction with the Research community, Communication and Dissemination</p> <p>Leader: CNR</p> <p>Partners: UPEM, AIT, POLIMI, LEIDEN, USFD, FRAUNHOFER, USI, JOANNEUM, UOS, DZHW, STRATHCLYDE, SAPIENZA, NIFU, CSIC, SNI, TC CAS, ATHENA RC</p>	<p>Task 1: Training activities (Tutorials; On-line training; On the job training; Methodological courses; Schools)</p> <p>Task 2: Dissemination (Attending international and national conferences; 'Awareness rising' events; Policy briefs; User oriented actions)</p> <p>Task 3: Communication (Website improvement; Social media; Newsletter; Webinars)</p>
<p>WP3: Preparation of long term sustainability of RISIS</p> <p>Leader: UPEM</p> <p>Partners: AIT, POLIMI, CNR, LEIDEN, USFD, FRAUNHOFER, USI, CSIC</p>	<p>This work package deals with the preparation of the future of RISIS and its different components: the long term engagement of members, the development of a costing approach to shared elements of the infrastructure, the definition and deployment of the 'indirect contract' approach, the identification and analysis of options for the lasting operation of RISIS as a European infrastructure.</p>
<p>WP4: RISIS Core Facility (RCF)</p> <p>Leader: UPEM</p> <p>Partners: AIT, CNR, LEIDEN, USFD, JOANNEUM, CSIC</p>	<p>Task 1: RCF Integration</p> <p>Task 2: Open Data VRE</p> <p>Task 3: RCF Design and coordination</p>
<p>WP5: Core Datasets Maintenance</p> <p>Leader: AIT</p> <p>Partners: UPEM, POLIMI, LEIDEN, FRAUNHOFER, NIFU</p>	<p>Task 1: Developing a consolidated concept and fully operational work plan for maintenance</p> <p>Task 2: Annual updating of EUPRO and CWTS Publication database</p> <p>Task 3: Bi-annual update of VICO and CHEETAH</p> <p>Task 4: New versions of IFRIS-PATSTAT and CinnoB</p> <p>Task 5: Ongoing integration of policy evaluations in SIPER</p> <p>Task 6: Integration of new RISIS-ETER and MORE datasets</p> <p>Task 7: Integration of updated datasets according to RISIS integrative dimensions</p>
<p>WP6: Data Integration and Analysis tools</p> <p>Leader: USFD</p> <p>Partners: UPEM, AIT, POLIMI, CNR, LEIDEN, USI, JOANNEUM, UOS, CSIC, ATHENA RC</p>	<p>Task 1: Integration of Existing and New Text Analysis and Semantic Annotation Tools and Services</p> <p>Task 2: Actors</p> <p>Task 3: Tools for advanced geographical analysis</p> <p>Task 4: Visual analytics</p> <p>Task 5: Processing of OpenAIRE content</p> <p>Task 6: Virtual Research Environment (VRE) for Seamless Embedding of RISIS Outputs into OpenAIRE</p> <p>Task 7: Open Science Tools for Measuring the RISIS Impact</p>
<p>WP7: Advanced user communities and advanced analytical methods</p> <p>Leader: USI</p> <p>Partners: AIT, POLIMI, SAPIENZA</p>	<p>Task 1: Developing a first batch of advanced usage cases</p> <p>Task 2: Data quality and data preparation issues</p> <p>Task 3: Implementing methodological user support within the D4Science infrastructure</p> <p>Task 4: Establishing a methodological support unit and developing additional case studies</p>
<p>WP8: Transnational access</p> <p>Leader: AIT</p> <p>Partners: UPEM, POLIMI, CNR, LEIDEN, FRAUNHOFER, USI, DZHW, STRATHCLYDE, NIFU</p>	<p>Task 1: Sustain and advance the RISIS datasets portal, constituting from M1 on our central web portal for users registering, accreditation, selection and monitoring</p> <p>Task 2: Harmonised documentation and metadata of all datasets available</p> <p>Task 3: Coordination of access across infrastructure owners</p> <p>Task 4: Coordination of access for users</p> <p>Task 5: Monitoring and evaluation of projects conducted, and user feedback</p>
<p>WP9: Deepening of Core datasets</p> <p>Leader: POLIMI</p> <p>Partners: UPEM, AIT, CNR, LEIDEN, FRAUNHOFER, UOS, TC CAS</p>	<p>Task 1: EUPRO dataset on European projects</p> <p>Task 2: CWTS Publication Database</p> <p>Task 3: IFRIS-PATSTAT dataset on patents</p> <p>Task 5: CIB datasets on large firms</p> <p>Task 6: VICO dataset on venture capital backed start-up firms</p> <p>Task 7: CHEETAH dataset on mid-sized firms</p>
<p>WP10: RISIS Core datasets developments</p> <p>Leader: LEIDEN</p> <p>Partners: CNR, FRAUNHOFER, DZHW, STRATHCLYDE, NIFU, CSIC, SNI, TC CAS</p>	<p>Task 1: ESID - European Social Innovation Database</p> <p>Task 2: R&D FIN - R&D Database on public funding instruments</p> <p>Task 3: TM – Trademarks dataset</p> <p>Task 4: HR - Career Information of PhD holders database</p>
