

Eu-SPRI 2021 - 9th June (4.00-5.30 PM CET)

RISIS Research Infrastructure on Science and Innovation Studies

NEW resources for researchers and policymakers: ESID and ISI-Trademarks

- | | |
|--------------------|---|
| 4.00 – 4.10 | Welcome & Introduction
<i>RISIS infrastructure goals and achievements</i>
Emanuela Reale, CNR-IRCrES |
| 4.10 – 4.30 | <i>ESID, Social Innovation through Machine Learning</i>
Abdullah Gök, University of Strathclyde |
| 4.30 – 4.40 | <i>DISCUSSANT</i> Dietmar Lampert, Centre for Social Innovation |
| 4.40 -5.00 | <i>ISI-Trademark, mapping the economic growth</i>
Peter Neuhäusler, Fraunhofer ISI |
| 5.00 – 5.10 | <i>DISCUSSANT</i> Eric Iversen, NIFU |
| 5.10 – 5.25 | Q&A session |
| Wrap up | Thomas Scherngell, AIT |

RISIS - European Research Infrastructure for Science, technology, and Innovation policy Studies aims at building a data and services infrastructure supporting the development of a new generation of analyses and indicators on STI fields. To develop a deeper understanding of knowledge dynamics and policy relevant evidence, RISIS goes beyond established quantitative indicators, developing positioning indicators, in order to reduce asymmetries in actors producing knowledge, in places where knowledge is generated, and in themes addressed. RISIS community is dealing with sensitive issues as social innovation, non-technological innovation, the role of PhDs in society, and portfolios of public funding instruments, studying both universities and firms.
